**Officer Commanding,
Military Intelligence,
Office of the Military Intelligence,
Phase-1, D.H.A.,
Karachi.**

Dear Sir,

Subject: TRANSPARENCY INTERENATIONAL-PAKISTAN (TI-P)

With reference to the above cited subject, It is submitted that two persons claim to be from Military Intelligence and one of them gave his name as Mr. Jaffer Ali, Inspector MI, (Cell# 0315-3809637) are visiting the office of Transparency International-Pakistan situated at Khayaban-e-Ittehad on regular basis for last couple of days and seeking some personal information about the Trustees of TI-P. They even gave a Performa on which the information is required to be given to them. I am enclosing the Copy of such Performa provided by them.

They had nothing in writing with them from their OC or Unit In-charge, nor they could show any authority under which they are visiting and seeking information. They are insisting on such information, which TI-P under no circumstances can provide them. No law for the time being in force authorize them to seek personal details of a Citizen which are being sought.

Four of our Trustees are Ex-Judges of the High Court and one being a former Chief Justice of Federal Shariat Court and such an information sought from them is an outright insult.

Kindly look into this matter and let the TI-P Know that under what law, the TI-P is required to part with such information.

The Cell number left by Mr. Jaffer Ali, when ever dialed, is found closed. No call is made from any landline nor the landline number was left for the contact. There is no way to confirm the identity and truthfulness of these visitors and therefore we are left with no option but to inform you in writing as it is causing harassment to the Staff of TI-P.

Kindly look into it and we will appreciate an early action.

Thanking you.

(Sohail Muzaffar)
Chairman, TI-P
