Subject: **TAX STAMP AND SUPERVISION PROJECT - RFP AMENDMENTS.**

I am directed to refer to your letter dated 30th March, 2013 and to thank you for your support and valuable feedback on the subject.

2. As per your suggestions, the RFP for "Tax Stamp and Supervision Project" has been modified. Regarding clause 7.2 of the document [Product Description], the minimum required specification on the basis of latest and secure technology trends shall be mentioned. These minimum specifications would make the basis of bid evaluation criteria. It is pertinent to mention that the minimum specifications are not limited to any particular supplier, and anyone can propose an equivalent product / solution.

3. A soft copy of the modified RFP (along with its annexures) is being sent to you by email.
