Sub: Complaint against Non Issuance of Local Certificate

Dear Sir,

TI Pakistan has received a complaint from Mr. Shamshad Azeem Khoso S/O Ghulam Nabi Khoso, having CNIC No. 32103-8599840-3 against the non-issuance of Local Certificate to him from the office of the Deputy Commissioner Quetta for the last eight months. The detailed complaint is attached with annexures for your ready reference and is self-explanatory.

The complainant stated that he is a local citizen and applied for the local certificate in October 2012 (**Annexure "A"**). He alleges that he has submitted all the relevant documents and verifications as per the requirement of the office (**Annexure "B"**), and as per his knowledge and information, no other document or verification is left. He claims that his vote is registered having registration No. 65 block code 451010602, PB-04 and NA -260 constituencies. But after even the efforts of eight months and his continuous visits to the office, his certificate has not been issued. Moreover, the proof that his family is among the locals can be found in the local certificate issued to his brother Mr. Irshad Azeem Khoso by the office of the Deputy Commissioner Quetta – Sr. No. 000326/292 on 10th March 2011 (**Annexure "C"**).

Transparency International Pakistan would greatly appreciate if you would kindly look into this matter, if found genuine/correct, direct the concerned authority to take necessary actions to redress the problem of the complainant who has been facing lots of difficulties and hardship during all this time.

TI Pakistan is striving to have **Rule of Law** in Pakistan which is the only way of eliminating corruption and have good governance in the country.

Regards

Syed Adil Gilani
Adviser
