Subject: **VIOLATION OF BALOCHISTAN PUBLIC PROCUREMENT RULES 2014, PROJECT DIRECTOR, 100 DAMS IN BALOCHISTAN, PACKAGE-III, (20 DAMS) QUETTA'S TENDER NOTICES FOR CONSTRUCTION WORKS.**

Kindly refer to your office letter No. TL17/1505/1A dated 15th May, 2017 on the subject mentioned above. It is humbly submitted that this office very carefully calculated the Tender Form fee in light of BPPRA Rules 2014 which in our view is not going to put any undue financial burden of the pre-qualified contractors / firms interested in issuing these documents. For your kind information it is submitted that this office hired a consultant firm for design review, procurement and construction supervision of dams proposed under Package-III. The Procurement Specialist within a fortnight framed the tender documents in two volumes (Vol. I & Vol. II) for each dam with close coordination of the PMU, there are a total of 25 dams which are being tendered.

A breakup of the costs involved in the preparation and printing of these tender documents (Vol. I & II) incurred by this office is tabulated below:

S. No.	Description	Unit	Rate (Rs.)	Quantity	Amount (Rs.)	per Tender Document (Vol. I & II) cost (Rs.)
1	Procurement Specialist	Month	449,500	1/2 Month Cost for producing tender documents (Vol. I & II) for 25 dams	224,750	8990
2	Laser Printing (Vol-I & II) of Tender Documents - Black n White	No	4	Avg. 180 pg per vol. x 2 volumes x 25 dams	36000	1440
3	Photo copy printing (Vol-I & II) of Tender Documents - Black n White	No	2	Avg. 180 pg per vol. x 2 volumes x 25 dams	18000	720
4	Colour Printing - Title Page	No	15	2 volumes x 25 dams	750	30
5	Plastic Spiral Binding with transparency sheets	No	100	2 volumes x 25 dams	5000	200
6	Printing of Tender Drawings	No	30	4 pages x 25 dams	3000	120
					Total	11500

As is evident from the above table, the cost incurred by this office for the preparation and printing of these tender documents is still slightly higher than the fee being charged to the purchasers. The purchase cost for these tender documents has been kept lesser / rationalized than the incurred cost for preparation and printing with a view not to put too much financial burden on the contractors / firms.

It is hoped that the matter would be clarified in light of the above.
