Subject: MEASURE FOR PREVENTION OF CORRUPTION IN PUBLIC
PROCUREMENT PROCESS FOR TRANSPARENCY AND
MERITOCRACY

To plug the possible corruption holes during procurement process, National Accountability Bureau (NAB) under its Prevention Regime, as enshrined in section 33B and 33C of National Accountability Ordinance (NAO) 1999 read with Public Procurement Rules 2004, advises to abide by the following instructions, in order to ensure transparency in the public procurement process:

- a. Registration or enlistment of contractors on periodic basis a procurement agency is not needed under the Public Procurement Rules 2004 nor any charging of fee on this account is admissible. This practice should be stopped forthwith as it supports the Corrupt Practices of collusive/limited competition to favor the favorites.
- b. A procurement agency may adopt the process of pre-qualification of contractors to establish their ability to perform for a particular work; therefore enlistment of the contractors, as condition in pre-qualification is not required and cannot be imposed as condition for pre-qualification under Public Procurement Rules 2004.
- c. It is further required to completely specify the conditions and circumstances explained in rules 15 and 16 "pre-qualification of contractors and suppliers" and "pre-qualification process" of Public Procurement Rules 2004.
