Ref. No : 2018 - 130
Dated : 18-Dec'2018

Sub : Violation of Sindh Public Procurement Rules 2010, Secretary Procurement Committee, Sindh Transmission & Dispatch Company (Pvt) Limited, Karachi's Tender Notice for purchase of Various Materials.

Dear Sir,

This is with reference to your letter No. TL18/1312/1A dated 13th December, 2018 regarding the subject matter. We are thankful to you for your concern.

It is for your kind information that all the required materials mentioned in the Notice Inviting Tender (NIT) pertain to the operation & maintenance of 132 kV double circuit transmission line which is around 95 Kms long, extending from Sindh Nooriabad Power Plant to K-Electric KDA Grid Station. There are total 04 packages in the NIT, out of which only items in package-2 are required to be of European make or Japanese make keeping in view the utmost safety of all our linemen working on Extra Ordinary Height.

It is emphasized that the average height of all the towers is around 30 meters which is equivalent to a 10 story building. This means that all our line men have to work on this Extra Ordinary Height, which demands highest level of safety and highest quality of material to be used all over the world. Currently, European and Japanese countries are the best manufacturers of such items that ensure premium quality and maximum safety.

Hence, this clarifies our stance on mentioning European and Japanese manufacturers in our NIT for package-4 only, that since there are hundreds of brands that come under the umbrella of our requirement, we are in no way restricting competition or favoring any single brand/ manufacturer and are therefore in compliance with SPPRA Rules 2010, Rule No. 13(1).

We have ensured full compliance to SPPRA rules while advertising our NIT and are confident that our procurement will enhance competition of the relevant firms.
