Chief Secretary,  
Government of Khyber Pakhtunkhwa,  
Khyber Pakhtunkhwa.

Sub: Violation of Khyber Pakhtunkhwa Public Procurement of Goods, Works and Services Rules 2014, Complaint received against Project Management Unit, MSP in Tender for Construction of Repair and Maintenance Workshop for the WSSP Solid Waste Management Equipment and Machinery Peshawar.

Transparency International Pakistan has received a complaint from M/s Gul Engineering Construction Company Pvt Ltd., against PMU, MSP in Tender for Construction of Repair and Maintenance Workshop for the WSSP Solid Waste Management Equipment and Machinery Peshawar advertised in November, 2018. The complaint is enclosed for your ready reference and is self-explanatory.

The complainant has made the following allegations.

That,

1. PMU, MSP advertised a tender for Procurement of Construction of Repair and Maintenance Workshop for the WSSP Solid Waste Management Equipment and Machinery Peshawar in November, 2018.
2. Complainant participated in the technical bidding, with the lowest rates for the subject tender and was disqualified stating reason that some of their documents were missing, which they submitted upon request. Supporting documents sent by the complainant have been attached for reference.
3. In total four bidders qualified.
4. M/s Royal Builders Pvt Ltd received the highest marks among the shortlisted companies, however did not possess the prerequisite category of Engineering Council specialized code ME-05 which was a pre-requisite condition for pre-qualification.
5. Complainant's company possessed the code.
6. The tender was re-advertised on November 7, 2018 deleting the condition of specialization code ME-05 along with some other changes in order to create ways for preferential bidder M/S Royal Builders Pvt Ltd to win this tender.

Chief Secretary Khyber Pakhtunkhwa is requested to kindly examine the complaint, and if found genuine direct the concerned department to re-invite the tender as per KPPRA Rules 2014 and take necessary action against all those officers involved in corrupt practices.

Transparency International Pakistan is striving for across the board application of Rule of Law, which is the only way to stop corruption.
