**Subject: Discrepancy in Notice Inviting Tender**

Kindly refer to your letter No.TL16/2902/1A, dated February 29, 2016. Following violation is pointed out by your office which is invalid according to KPPRA Rules 2014.

Transparency International has pointed out that the procuring entity cannot make changes to the tender's conditions, specifications and quantity after bid opening. However, under clause 29 of the Standard Bidding Documents large (SBDs) the procuring entity can increase or decrease the quantity before the award of contract that states that 'the procuring agency reserves the right at the time of contract award to increase or decrease, by percentage indicated in the bid data sheet, the quantity of goods and services originally specified in the schedule of requirements without any change in unit price or other terms and conditions.'

It is therefore, requested to direct the concerned section/office to avoid such mistakes and not to repeat the same in future.

Yours faithfully,

(FAISAL AHMAD)  
Assistant Director Capacity Building
