Subject: Discrepancy in Notice Inviting Tender

Dear Sir,

Kindly refer to your letter No.TL16/1703/1A, dated March 17, 2016 and letter No. TL16/2403/2A dated March 24, 2016. Following violation is pointed out by your office which is invalid according to KPPRA Rules 2014.

Your office has quoted rule 10 (C) which pertains to the 'alternate methods for the procurement of goods' whereas the referred case is related to works. The other observation raised by the Transparency International under clause 29.1 from the standard bidding documents for procurement of large goods has also quoted wrongly which also relates to the procurement of goods contrary to the procurement of works.

Furthermore, your office again raised the observation of pre-qualification under rule 36 (1) in the referred case, which has already communicated to your office vide this office letter No. KPPRA/capacity building/Disc/2015-16/137/818-20 dated March 10, 2016.

The final observation raised by Transparency International regarding that the firm cannot be a contractor as well as an architect at the same time, whereas under 16 (2) (a) of the KPPRA Rules, the procuring entity may solicit various details including the proof of registration with the Pakistan Engineering Council besides other registration & documentation for the purpose of the pre-qualification of firms.

It is, therefore pointed out that the said advertisement is in line with procurement rules 2014 and observation raised by your organization do not seem in conformity of law & rules 2014 of KP Government.

Yours faithfully,
