Subject: COMPLAINT AGAINST OGDCL TENDER PROC-FE/CB/EXPL-1930/2016 FOR PROCUREMENT OF SEISMIC SHOT HOLE MAN PORTABLE RIGS (WITHOUT AIR-COMPRESSOR), DUE ON JANUARY 09, 2017

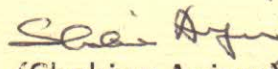

Dear Sir,

This has reference to Transparency International letter # TL17/0401/6A dated January 04, 2017 on the above subject.

2. It is clarified that ISO-9001 is the International Standard that specifies requirement for a quality management system (QMS). Organizations use the standard to demonstrate consistency in providing product and services that meet customer and regulatory requirements.

3. Further, as per OGDCL Tender Document Part-II Clause # 6(4), certification of quality and standards such as ISO-9000, ASME, API etc is required from Manufacturer / Contractor. ISO-9001 is therefore incorporated in the subject Tender to ensure quality product, to safeguard investment and obtain better value for money.

Yours faithfully,

  
(Shabina Anjum)

General Manager (Corporate Affairs)
