PORT QASIM AUTHORITY

File No. PQA/PD/CD/03/09

Dated 24th September, 2009

M/s. TRANSPARENCY INTERNATIONAL PAKISTAN, (TIP).

Karachi.

Fax No. 021-5390410

Subject: **DEEPENING & WIDENING OF PORT QASIM NAVIGATION CHANNEL.**Reference: Your letters dated 18 & 19th September 2009 on the captioned subject.

Dear Sir,

PQA appreciates the advice given by M/s TIP. Your proposal that the letters be written to all the consortium parties in their individual capacities as having been pre-qualified for the work, has been studied.

2, Since the three bidders have submitted their proposals as consortium, where as all these three firms are jointly and severally responsible, it may not be possible to write to these firms in their individual capacities as they have already signed MOU for joint venture consortium.

3, It would be appreciated if an advice is given on how to resolve this issue as the project has already been scrapped once and this project is accorded top priority due to commitments made with the port users.

ABDULLAH LAGHARI,
Director General Technical,
