Subject: Violation of Public Procurement Rules 2004, General Manager (Hydel) Development, WAPDA, Lahore Tender Notice for Hydro Electromechanical Equipment related to Hydro Power Plant Rehabilitation in Pakistan

Reference: Transparency International Letter # TL18/2603/14A dated 26.03.2019

I take the opportunity to apprise that first four units of Warsak Hydel Power Station were completed with the support of Canadian Government financed under Colombo Plan during 1960.

In the instant case a complete set of tender document consists of 3 volumes having about 2500 pages including color prints and 400 pages of technical drawings printed on large sheets. Rule 23 (5) of PPRA clearly transpires to charge the cost of printing/binding accordingly. The Consultants confirmed that Rs. 30,000.00 are the paper, printing & binding cost of one set of E&M Bidding Documents (**Annex – I**).

The levied charge of mis-procurement under Rule No. 50, may kindly be reviewed as the subject project is being financed by European Development Partners under mutual reliance initiative and donor concurrence/No Objection Letter (NOL) approval was obtained for advertisement accordingly.

The above explanation is forwarded for your kind information and consideration, please.

DA; As Above

(Javed Akhtar) 17/4/2019
